

# SynShield

Synthetic Floor Systems

## 3 EASY STEP SYSTEM

### TO PROTECT ALL YOUR SYNTHETIC FLOORS...

(LVT, LAMINATE, RUBBER, SHEET VINYL, LINOLEUM, AND OTHER LOW MAINTENANCE FLOORING)

#### SCRUB PREP

Specially formulated to restore no/low maintenance flooring back to its original appearance. Its neutral pH will not damage or fade the colors of these flooring types. When used as directed, this product can be used to remove finish or to prepare no/low maintenance flooring to accept finish.

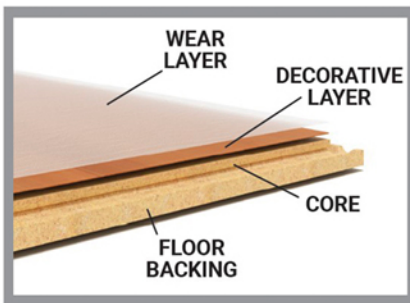

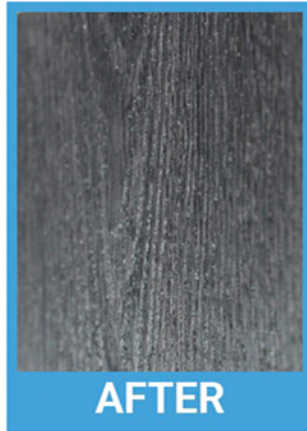

#### PROTECT / RESTORE

This product is specifically formulated for use on no/low maintenance flooring. Its unique formulation will remove soil, enhance appearance, repair scratches in the wear layer, ease the cleaning process and provide protection for your floors. For the best results alternate use of this product with the daily cleaner on a weekly basis. This product can be used undiluted to re-build the wear layer if needed or as a coating is desired.

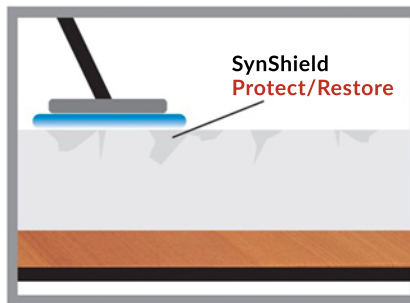

#### DAILY CLEANER

A concentrated floor cleaner that is specially designed to remove soil without dulling or harming the protective wear layers on no/low maintenance flooring. When used as directed, this product will not build gloss or leave tacky residue or film. Excellent for use in mop and bucket cleaning or automatic scrubber.

SynShield is a complete program of formulas specifically designed to keep no/low maintenance floors looking and performing as new - forever

Scratches and dirt reside in the wear layer.

SynShield Daily Cleaner removes dirt without harming the wear layer.

SynShield Protect/Restore fills in scratches, provides added protection, and makes future cleaning easier.

**VERSATILE**

Designed for luxury vinyl tile (LVT), laminate, rubber, sheet vinyl, linoleum, and other no/low maintenance flooring.

**EXTENDS FLOOR LIFESPAN**

Unique formulations preserve the original look of your floor and add protection.

**EFFECTIVE**

Cleans and repairs minor scratches, without adding gloss to improve floor's appearance

**SIMPLE**

Saves time and money by eliminating the need for additional maintenance steps for restoration.

According to a report by Floor Covering News, as of 2020, LVT had captured up to 25% of the U.S. flooring market, and it was predicted to continue to grow in popularity.
