

SCENSIBLES® Universal Poly Receptacle Liners

Waxed kraft liners stock level challenged for **60-90** days

Scensibles® are **AVAILABLE NOW!**

With limited supply of waxed kraft liners and an increased emphasis on cleaning practices to mitigate the spread of harmful viruses in public restrooms - this is the perfect time to present your customers with the better solution – efficient, effective and sustainable Scensibles receptacle liner bags.

Scensibles® High Density Poly Liners -

- Proven solution for all makes and models of stall menstrual waste receptacles
- Covers inside surface to completely contain waste - Reduces cross contamination and offensive odors
- Better protection for custodial staff from exposure to blood-borne pathogens (OSHA expectation)
- Saves maintenance time to change and replace liner
- Readily available: Made in USA

Scensibles® Universal Poly Receptacle Liners

- Leak proof
- Made of 12 micron HDPE
- Pleasant fresh fragrance
- Built-in antimicrobial agents inhibit the growth of odor causing bacteria
- Frost color easy to see needles or sharps
- Your end-user will thank you for not only a better solution - but see that "the cost in use" for our Scensible High Density bags will be less than the waxed kraft liners.

LBM500HD

LBSF500HD
U.S. Patent No. 9,957,105

SecureFit360® poly liner bags are custom designed with a unique strap that wraps around the bottom of the receptacle to secure in place and enclose waste for fast, easy and safe removal. Strap keeps the bag tight fitting so it doesn't collapse inside the receptacle.

Scensibles® Universal Poly Receptacle Liners - Replacement for both KL's and HS-6141
