List N: Products with Emerging Viral Pathogens AND Human Coronavirus claims for use against SARS-CoV-2

SANI-SECURE DISINFECTANT CLEANER is a one-step disinfectant that is effective against a broad spectrum of bacteria. It is viricidal including HIV-1, HBV, and HCV. SANI-SECURE inhibits the growth of mold/mildew and their odors when used as directed. It kills Pandemic 2009 H1N1 influenza (a virus formerly known as swine flu.)

### PRODUCT CHART
