"LLS"TM LIQUID LAUNDRY SYSTEMS

PX-70

PX-70 is a highly concentrated, multi purpose, synthetic liquid laundry detergent made from a carefully selected blend of anionic and nonionic biodegradable surfactants and fluorescent brighteners. **PX-70** additionally contains a chelant type additive enhancing its use in areas of high mineral concentration water.

PERFORMANCE

PX-70 is a unique detergent developed for washing durable press, polyesters, polyester-cotton and other hard-to-clean fabrics. It effectively removes greasy soils, without adversely affecting fabric crease-resistance qualities. Premium choice surfactant for use in high water hardness environments.

ADVANTAGES

- Excellent grease and soil suspending properties
- Superior wetting action, high concentration
- Safe to use on all types of fabrics
- Liquid - instantly goes to work
- Fast rinsing
- Equally effective in high or moderate hardness water, low or high temperatures, and low or high alkalinity.

DIRECTIONS

Light Soil Formulas Use 1-2 ozs. per 100 lbs. of wash in the Break operation.

Medium Soil Use 3-4 ozs. per 100 lbs. of wash in the Break operation.

Heavy Soil and
Shirt Formulas Use 4-5 ozs. per 100 lbs. in Break operation.
